Customs Clearance

Import & Export Module

HM Revenue & Customs

Manage your Custom declarations with ease ...

We make powerful and easy to use Customs Clearance software for the freight forwarding and shipping industry. We help you build up your Import and Export, as well as NTCS Transit declarations, sending them electronically to be processed by HMRC.

Send clearances through the available communities, CNS, MCP (Destin8), ASM Gems/Sequoia, Pentant, CCS-UK and HMRC Email or XML. All these entries are stored and can be reviewed at a glance, giving an up to date status on the declaration, keeping you and your clients informed on their consignment.

All your documents in one place ...

Full document availability for all of your clients, show entry confirmation and received customs documents instantly. Keep a 6-year history of your customs clearances with all the related documentation. All the documents can be viewed on screen, emailed/stored as a PDF, or printed.

Dedicated Software support.

With the Customs package, as with all our software modules, you get the peace of mind knowing that you have a dedicated team of support experts poised ready to deal with your software problem, from within our state of the art UK call centre.
